

# SOUTH CAROLINA'S DEVILS FORK STATE PARK

Spot a loon or a rambling black bear. Fish for trout in a deep, clear mountain lake. Hike through the glorious spring bloom of rhododendrons.

And do it in South Carolina.

Devils Fork State Park provides the only public access to Lake Jocassee, a largely undeveloped 7,500-acre reservoir tucked deep into the Blue Ridge.

Devils Fork is easily reached from S.C. 11, the Cherokee Foothills National Scenic Highway. The park is popular with families, fishermen, scuba divers and boaters, who enjoy Jocassee's uncrowded setting and spectacular scenery, such as waterfalls cascading into the lake off steep, wooded slopes.

Full campground amenities and modern villas also are highlights of the park. So are hiking and nature trails that provide the opportunity to appreciate sights ranging from rare Oconee bell spring flowers to the fall color show, while bald eagles and peregrine falcons patrol the mountain skies.

**Counties:** Oconee

**Acreage:** 644
